WHERE DOES THE PROGRAM TAKE PLACE?

THE CITY OF VANCOUVER

As one of the world's most famous cities, Vancouver offers a wealth of sight-seeing options and activities for anyone visiting. Whether it is enjoying the beauty around Stanley Park, taking in the sights, or viewing the city from high atop Grouse Mountain, there is something for everyone to do. Home to the 2010 Winter Olympics, Vancouver is often praised as one of the most beautiful cities in the world. When you come to visit, you will surely understand why!

UBC CAMPUS GROUNDS, CLASSROOMS AND RESIDENCE

Located on the west side of Vancouver, the University of British Columbia is one of Canada's most prestigious universities. Students participating in the Global Leaders program will be studying and living in one of the residences on UBC Vancouver Campus. The residence features security service, laundry facility as well as free WIFI access in common areas. Nutritious meals are provided at a campus cafeteria.

The use of UBC's name in this document is strictly for the purpose of identifying the location at which SSLC is hosting SSLC Global Leaders Summer Camp. SSLC has no affiliation with UBC and UBC is not involved in or responsible for the quality, suitability, delivery or other aspects of SSLC Global Leaders Summer Camp in any way.

ENGLISH LESSONS AND CLUBS

English Classes are approximately 12 to 15 hours of study per week, and the curriculum will be determined by both age and English ability. Whereas students with minimum knowledge of English will study the fundamental skills needed to communicate in English, such as *listening, speaking, grammar, reading, writing and pronunciation*, the more advanced students will learn about goal setting and will have a curriculum based around leadership skills.

- Our unique and original textbooks will be provided.
- Clubs are activity-based (Arts or Sports), and students will practice and present their newly learned skills related to themes of the Clubs.

SUSTAINABLE DEVELOPMENT GOALS WORKSHOPS

SSLC is proud to introduce **Sustainable Development Goals Workshops** as part of our active-learning curriculum for the Summer Camp. Students will have an opportunity to learn about the concepts of the goals set by the United Nations according to their age and language level, and work on small projects based on the theme of each workshop.

The workshops are designed to help increase students' environmental, social, and communal awareness in sustainability and responsible development.
