LESSONS WITHOUT ACCOMMODATION: Please deduct £150, €200 or \$200 from the standard programme price. Minimum of 15 hours per week.

TWO STUDENTS IN HOME: Students choosing the two student programme must come with their own partner of the same level and at the same dates, since they share the teacher. **REDUCTION OF 20% FOR EACH STUDENT SHARING LESSONS.**

CLOSER SUPERVISION (COCOONING) FOR UNDER 18s: a supplement of £175, \$280 or €280 per week extra charge according to the country chosen. The Standard Course does not oblige the teacher or a member of the family to spend all their time with the student. The teacher will of course spend a reasonable amount of time with the student, as they would with any friend who came to stay. This closer supervision option guarantees that the teacher or an adult member of the family is at home at all times when the student is there, but does not guarantee specific activities.

THE FIVE STAR LUXURY ACCOMMODATION PROGRAMME is specially devised for business & professional people who are used to a very high standard of living and who definitely require extra comfort. The Five Star Luxury Programme includes Private Bathroom, a higher standard of accommodation and meals and more individual attention to the student. The price for this programme is double the standard programme price. For example, the 25 hours Five Star Luxury Accommodation Programme in London costs £1,770 per week.

EXAM PREPARATION / SPECIALISED VOCABULARY COURSE: Price of the Standard Programme + a supplement of £100, €150 or \$150 per week according to the country chosen. Your teacher will design a course to prepare you for an exam, or with specialised vocabulary and technical terms, in areas such as medicine, engineering, law, computing, architecture, tourism etc.

BUSINESS & EXECUTIVE PROGRAMME WITH PRIVATE BATHROOM INCLUDED: This course is designed for Executives who need to improve their professional language skills. Families are carefully selected to match the student's needs and we try to provide a teacher of similar professional background to the student. Price of the Standard Programme + a supplement of £145, €220 or \$220 per week, according to the country chosen.

ACCOMPANYING PERSON SHARING A ROOM WITHOUT LESSONS benefits from the following reductions on the accommodation: Aged 0 - 4 = 75% reduction, Aged 5 - 11 = 50% reduction. Aged 12 and over = 20% reduction. These reductions do not apply to those having lessons. Babysitting can be arranged for young children while their parents have lessons, the cost per hour is £15, \$25 or €25 according to the country chosen.

TRANSFERS: We can arrange a transfer from the nearest airport or seaport to the host family. Please see transfer prices and areas overleaf. **NB:** Students under 16 MUST take 2-way transfers unless we are informed that they will be accompanied by their parents on arrival and departure.

ACTIVITY, EXCURSION & SPORTS - MAKE YOUR OWN PROGRAMME:

Students taking our Standard Course will live the normal life of the teacher's family and will benefit from at least one excursion per week chosen by the teacher but without extra charge. If students wish to choose specific activities themselves, they may do so when these are available in the area chosen. Our activities may consist of excursions or sports accompanied by an adult member of the host family. Our charges for excursions or sport time are the same as the teaching rate. Students can therefore substitute 1 hour of activities for each hour of lessons that they wish provided that this is arranged at the time the stay is booked. In addition, the student must pay for all expenses including entrance fees & bus or train tickets for both themselves and the person accompanying them. Similarly, in the case of sports such as tennis, golf or horse riding, students must pay for themselves and the family member accompanying them, unless they choose our Combined Language and Sport Programme (see below).

For parents & students who would prefer a definite sum of expenses to be included - Add a supplement of £60, \$90 or €90 per week according to the country chosen. NB: Students must book at least 5 hours of activities.

For example, a student takes the 15 hour programme with 10 hours lessons and 5 hours activities, usually consisting of 2 visits and 1 activity agreed between the teacher and the student. The supplement above pays for the teacher's and the student's travelling expenses and entrance fees where applicable.

COMBINED LANGUAGE & SPORT OR CULTURAL PROGRAMMES PLANNED BY US.

Please see our separate detailed Sports & Cultural Programme Sheets. Students will have language tuition in the mornings and enjoy three sessions of sporting or cultural activities per week. Fees are all inclusive (entrance fees, renting of materials etc.)

CHRISTMAS & NEW YEAR PROGRAMMES: Any bookings which include the 24, 25 or 26 December (Christmas), or 31 December or 1 January (New Year) will be subject to a supplement of £120, \$180 or €180 according to the country chosen. For stays during both Christmas and New Year only one supplement is charged.

CANCELLATIONS:

1. Public: A booking is a contract, but if a cancellation is made well in advance, a credit note can be given to be used later the same year. Students must take out their own insurance. No refunds are given for illness, accidents or cancellations for any other reason.

2. Accredited Agents:

Up to 14 days before arrival = £100, \$150 or €150
14 days to 24 hours before arrival = 50% of total fees
24 hours or less before arrival = 100% of total fees

ALTERATION CHARGES: Alterations of area, date or course often mean cancelling one family and finding another, so we must make a charge of £100, \$150 or €150 in every case.

TRANSFERS

Our transfer prices are based on the fact that it blocks a whole morning or afternoon for the host family doing the transfer, not on the precise distance from the family's home to the airport or nearest railway station. This is how we have managed to standardise the prices with the exceptions of New York, Tokyo and Malta.

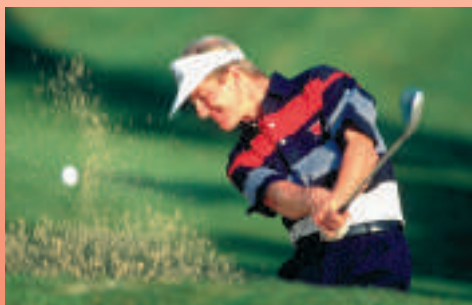

We try to keep transfer prices as low as possible, but students who feel it would be cheaper to arrange transportation for themselves instead of booking through H.L.I. are welcome to do so. The prices we state are for a one-way transfer from the nearest airport or seaport to the family home. Other quotes on request. THESE CHARGES WILL BE INCREASED IF THE STUDENT DOES NOT ARRIVE AT THE AIRPORT INDICATED CAUSING A LONGER JOURNEY.

N.B. We cannot arrange transfers unless we receive flight numbers & arrival times at least one week in advance. Otherwise they are CANCELLED and non refundable.

Tips for a successful stay

- We recommend students allow a minimum of £50, \$75 or €75 per week to cover expenses. EU students travelling to an EU country are advised to get the European Health Insurance Card, as well as personal insurance to cover for any cancellation, loss of property etc.

- Please contact the host family by phone or email at least one week before your stay. Our host families are keen to learn more about you, your food preferences, your level of the language and your expectations of the stay. This will help them better prepare for your stay.

- Transfers: If you have ordered transfers, please make sure we receive your travel details at least one week before your arrival, so that we can organise the transfer for you. Please ask for our transfer guidelines should you have any questions or doubts about the transfer procedure. If you have not booked any transfers, please let your host family know your approximate time of arrival. If they have not received this information from you, they will expect you after 18.00hr.

- Families in a foreign country may not have the same way of living you are used to at home. There may be different rules, the food will be different, as well as the living conditions. Please prepare yourself and be willing to accept cultural differences in order to get the most out of your stay.

- Smoking: Please be aware that smoking is forbidden in public areas (bars, restaurants etc.) in many countries. Very often, our host families do not allow smoking in the house. Even if there are smokers in the host family, this often means that they smoke outside or only in a specific area in the house.
